Website: <a href="http://www.ReadyGallatin.com">www.ReadyGallatin.com</a>	
GCEM Office: 406-548-0111 Coordination Center: 406-548-0110	
Call Center: 406-548-0123 <a href="mailto:callcenter@readygallatin.com">callcenter@readygallatin.com</a>	

### General Situation:

Agencies in Gallatin County are responding to the unprecedented COVID-19 pandemic and the consequences of the control measures. Agencies are focused largely on internal continuity of operations activities and contingency plans for more confirmed cases or prolonged closures.

### Status

	Confirmed Cases (Cumulative)	Current Cases (Active)	Recovered	Hospitalizations (Active)	Deaths
<b>Gallatin Co</b>	143	4	138	1	0
<b>Montana</b>	433		243	18	10

\*Table contains data from different sources that update at different times. Number are current as of the issuance of this SitRep.

### Significant Activities

- Gallatin County picked up 1 positive case over the weekend.
- Governor Bullock has announced he will begin opening up the state following the expiration of his current order on April 24. All indications are that this will be a slow and gradual opening.

- Health Department: <https://www.healthygallatin.org/coronavirus-covid-19/>

### Jurisdictions Affected:

All agencies

### Health and Safety:

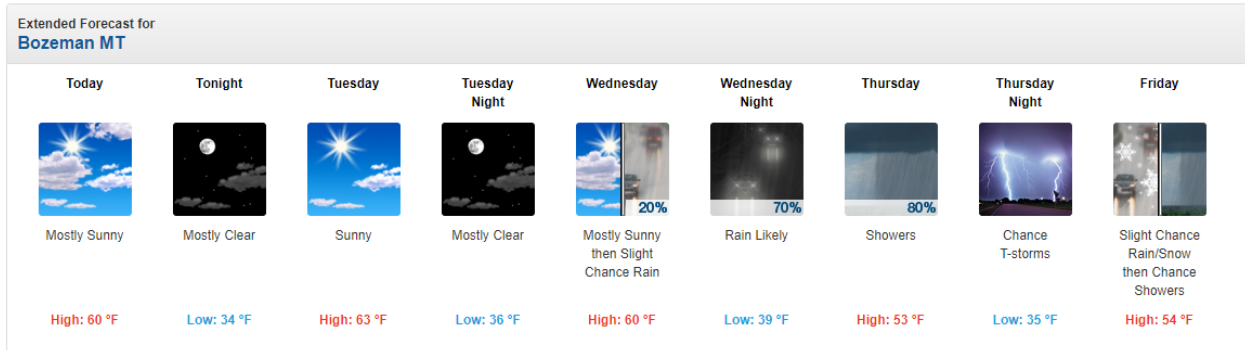

The Gallatin County Health Officer is endorsing everyone's effort to help flatten the curve on COVID-19.

- If someone is sick, they should stay home and consult their doctor. Wear a facemask if sick and around other people.
- Use good personal hygiene measures. COVID-19 is spread in respiratory droplets in close person to person contact, it is not airborne.
  - Wash hands regularly with water and soap for 20 seconds. Have hand sanitizer available for staff and visitors.
  - Avoid touching your mouth and eyes.
  - Cover your coughs, then wash your hands immediately.
  - Keep communal spaces disinfected on a regular basis.
  - Do not share dishes, glasses, cups & utensils.
- Implement social distancing. 6 feet is the magic number to be considered outside the exposure radius.
  - Allow workers to spread out and not work in tight spaces.
  - Expand the distance between staff and public.
    - Have public and/ or staff leave a buffer between themselves and service counters.
  - Evaluate the need for attending group activities in person.
